

AT THE 'VILLE.

Musical Recital.
Miss Nellie Davis invited about 300 of her friends to the Congregational church Thursday evening, where they listened to a very delightful musical program. The singing of Miss Anna Somerville of St. Johnsbury was particularly enjoyed. She has a fine voice, which shows careful cultivation and great improvement. The following program was given, and all did their parts well:

1. "My heart to hear thy voice," From Samson and Delilah, Saint Seals, Miss Somerville.
2. Reading, "His Only Friend," Miss Somerville.
3. a. "I had a flower," Nellie Davis.
- b. "My desire," Miss Somerville.
- c. "Sing me to sleep," Miss Somerville.
4. Organ solo, Miss Helen Wakefield.
5. "Good-bye," Miss Somerville.

A Vote for a New Schoolhouse.

The adjourned school meeting to decide the schoolhouse question was held in Music Hall last Wednesday evening. There was a large attendance, both of ladies and gentlemen, and though decidedly interesting, the meeting seemed very harmonious. Public opinion here, after years of educating, has at last reached a local point of agreement where there seems to be but one thing to be done, and this spirit was very plainly in evidence. Mr. Danforth came up from St. Johnsbury to explain the general plan of the new schoolhouse, and so far as size, capacity, etc., it seems to be about what is needed here.

Mr. Wells then introduced the following resolution:

Resolved, That the Lyndonville school district erect a modern brick school building, on the site of the present building, containing eight rooms—at a cost not to exceed \$30,000.

Whatever talk there has been of establishing a high school building here, is effectually quashed, both by the vote of the village and by the tenor of this resolution, as the building planned will be no more than accommodate our present and future common school population. Lyndon Institute is now, we hope, to be greatly improved, and will doubtless always remain our finishing school. After brisk balloting, the following building committee was elected and instructed to begin work as soon as possible: Dr. J. W. Copeland, O. G. Chase and F. W. Silsby. The meeting then adjourned.

Miss Louise Strowbridge, a former dressmaker here, is visiting old friends in town.

E. J. Blodgett was in Boston last week on business.

Miss Matthews of Brooklyn is visiting her cousin, Mrs. J. S. Schofield.

Miss May Roberts of West Burke is working at Dr. F. H. Davis.

Allan Holbrook's family is moving this week into the new Ruggles house on Charles street.

Rev. J. C. Bodwell has gone to Moosehead Lake for his annual vacation, and there will be no services in the Congregational church until the last Sunday in September when Rev. P. B. Fisk will occupy the pulpit.

Services were resumed at the Universalist church Sunday, and the pastor preached from the subject, "The game of life."

Camp meeting closed Saturday morning and was followed immediately by a W. C. T. U. meeting under the auspices of the state society. Mrs. E. M. Richardson, president of the N. H. organization, was present, also Mrs. J. K. Borne, who has traveled all over the world in the interests of this society. The meetings continued Saturday and Sunday, were largely attended and very interesting.

Miss Lillian Wells begins work as office girl for Dr. Carter soon.

Dr. and Mrs. Davis, Mr. and Mrs. H. L. Parker, Mr. and Mrs. A. D. Paige and Mrs. L. C. Todd invited about 150 of their friends to the Darling hall Thursday evening where they were most delightfully entertained. The hall was decorated with evergreens, masses of rudbeckia, whose showy blossoms were very effective. Most of the evening was spent in dancing. Mrs. Kate Brock furnishing music. Refreshments were served in the Masonic dining room adjoining, which was also charmingly decorated. Miss Agnes M. Bullard of St. Johnsbury catered.

Miss Alice Campbell has been suffering from a light attack of diphtheria. The house is strictly quarantined, and it is hoped there will be no more cases.

Miss Verna Hutchinson has returned to her home in Lebanon, N. H.

Mr. and Mrs. Salmon Stern have reached New York on their return from their European trip.

Janet Bundy has returned from a visit to the Sherwin's at Springfield, Mass.

Miss Katherine Burke of Terryville, Conn., has been visiting her cousin, Mrs. S. E. Neagle.

E. F. Paquin and family spent Sunday with relatives in Cabot.

WATERFORD.

Lee Family Reunion.

The old Lee Homestead, now occupied by Albert Lee, was the scene of an interesting and enjoyable reunion last Thursday, when about thirty of the descendants of Asa and John Lee held the first annual reunion and meeting of the Lee Family Association. Although there were but few of the family present, it was a true Old Home Week gathering, many coming from out of the state. Those attending were: Mr. and Mrs. Albert Lee of Waterford; Rev. and Mrs. Edward P. Lee and daughter of Island Pond; Mr. and Mrs. Ira Lee of Hill, N. H.; Mr. and Mrs. Irving Lee and daughters of West Concord; Mr. and Mrs. Ernest Lee and Esther Lee of West Concord; Judge and Mrs. Henry Lee of Lyndon; Miss Bertha Lee of Cleveland, O.; Ralph J. Lee of Barre; Mr. and Mrs. Willard Chase and daughter of West Concord; Mrs. Elizabeth (Morrill) Chapman of St. Johnsbury; Mr. and Mrs. John Farnham and children of St. Johnsbury; Mrs. Dene (Buell) Burbank of Fitzwilliam, N. H.

Tables were spread under the trees in the yard, where a picnic dinner was served. Group pictures were taken by Mrs. Hall. Afterward the company gathered on the hill on the site of the old homestead, built by John Lee in 1801. Here the formal meeting of the Association was held with Rev. Edward P. Lee as master of ceremonies. After a few remarks Mr. Lee introduced the speaker of the day, Judge Henry Lee of Lyndon. Mr. Lee's paper dealt with the origin and history of the family, and was in brief as follows:

"The first Lee of whom there is any account was General Laurence DeVerde Lee, a Norman, who came over from France with William the Conqueror in 1066, and who, for bravery and efficient service at the battle of Hastings in 1066 was granted a dukedom. In absence of records of the family for the next few generations, the frequent recurrence of family names is taken as conclusive evidence of the descent of the Lee family from General Laurence Lee. Nehemiah Lee of Manchester, England, came to Massachusetts Bay colony in 1630. David, his brother, came to New Haven colony in 1634, and Richard, a third brother, came to Virginia colony in 1641. Asa Lee and John Lee were descendants of Nehemiah Lee. Asa Lee came from Moultonborough, N. H., to St. Johnsbury in 1791 to the home of Dr. Jonathan Arnold, the first settler of St. Johnsbury, making his way by marked trees across what is now St. Johnsbury Plain. He cleared land on the place now owned by Charles Higgins on the East St. Johnsbury road, and moved his family there in 1794. Asa Lee was born at Manchester, Mass., in 1769, and died at St. Johnsbury in 1848. John, a brother of Asa Lee, was born at Moultonborough, N. H., in 1777, moved to Waterford in 1801, and died at Waterford in 1881. The John Lee homestead on which the reunion was held has been in the possession of his descendants for 102 years."

The paper then followed the genealogical record of the family from that time to the present day showing that but comparatively few of the descendants of Asa Lee and John Lee are now living in Vermont. At the conclusion of the paper by Judge Lee, letters of regret from the following people were read: Mrs. Lois (Lee) Parker, wife of the late Bishop E. W. Parker of India; Mrs. Ida (Morrill) McCurdy of Andover, Mass.; Miss Charlotte Morrill of Andover, Mass.; Mrs. Mary Fisher of Fergus, North Dakota; Julius Morrill of Brooklyn, N. Y.

Rev. Mr. Lee then made a plea for the organization of a permanent association of the family, which was discussed and adopted, and officers were elected as follows: President, Rev. Edward P. Lee of Island Pond; vice president, Mrs. Ann Maria (Lee) Chase of West Concord; secretary and historian, Judge Henry Lee of Lyndon; treasurer, Ralph J. Lee of Barre; executive committee, officers of the association. Efforts will be made to enroll all members of the family in the association, and its object will be to preserve the records and compile the history and genealogy of the family.

This is the first reunion of the kind ever held and its success is due largely to the untiring efforts of those who arranged it. It is confidently expected that succeeding occasions will be even more successful in inducing absent members of the family to revisit their native state and town and thus to aid in carrying out the Old Home Week idea.

Fertilizing Salt.

The Vermont Experiment Station at Burlington weighed ten clusters of grass from two plots of land lying side by side. From the unsalted plot the ten plants weighed 14 grams, while from the plot which had received 3,000 pounds of salt per acre, they weighed 26 grams or nearly twice as much.

Speaking of its effectiveness in killing Hawk Weed, or Paint Brush, the experiment station bulletin says: "Most of the weed was killed by the application of 2,000 pounds per acre. Every plant of it was killed by the application of 3,000 pounds per acre and the weight of the grass was nearly doubled."

FERTILIZING SALT can be obtained of C. S. Page, Hyde Park, Vt., at \$4.00 per ton in carload lots; and 4.50 in less than carload lots, put up in cheap 100-lb. sacks—no charge for sacks. At this price the salt is delivered on board the cars at Hyde Park. Low, special freight rates have been arranged to all points on the St. J. & L. C. and Boston & Maine railroads in Northern Vermont.

MR. STRUMPF'S CURE

A PEORIA MERCHANT KNOWS A SPECIFIC FOR RHEUMATISM.

He Speaks From Experience for He Tried The Remedy Himself in a Case of Several Years Standing.

In Peoria, Ill., everybody knows Mr. A. Strumpf, whose fur store is located at No. 419 Main street. Mr. Strumpf's business takes him to New York city frequently and on one of these trips he learned of a specific for the cure of rheumatism which he tried with such unexpectedly good results that he is anxious that others should know of it. He says:

"Nearly everybody can tell you of a remedy for rheumatism, but during the long years that I suffered from this disease I never heard of but one thing that would cure it. I tried it myself and haven't had a touch of rheumatism since. In my case the disease did not trouble me all the time, but at intervals the pain was very severe and medicine did not seem to have the least effect on it. On one of my visits to New York a friend who had been cured of rheumatism by Dr. Williams' Pink Pills for Pale People advised me to try them. He was so enthusiastic that I did so and the result surprised me, for I had almost despaired of a permanent cure. The pains began to disappear before I had finished the first box and three boxes completely cured me. That was nearly two years ago, so you see my cure was permanent. I recommend Dr. Williams' Pink Pills every chance I get and know of many people who the pills have benefited."

Rheumatism is always painful, but few people know how really dangerous it is on account of the liability that it may attack the heart. Dr. Williams' Pink Pills are especially well adapted for the treatment of this trouble through the blood (the only correct way) and their power in all disorders of the blood and nerves makes them of the greatest value in such stubborn diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, nervous headache, after-effects of the grip, of fevers, and of other acute diseases, palpitation of the heart, anemia, pale and sallow complexion, and all forms of weakness. At all druggists, or direct from Dr. Williams Medicine Co., Schenectady, N. Y., fifty cents per box; six boxes for two dollars and a half.

Saida Ceylon-India Tea.

China has ceased to be the great tea-producing country that she once was. Ceylon and India now produce by far the largest part of the tea grown in the world, and this is a good thing for the tea drinker, for not only are the teas of Ceylon and India more delicious, but they are also much more healthful, and there is an utter absence of the artificial coloring matter and adulterations that invariably come in with the teas of China and Japan. The trade done by the S. L. ALADA Ceylon and India Tea Co. in the United States in their sealed lead packets is increasing remarkably. They can be gotten in ten-cent and half-pound sealed lead packets.
